

# Our Commitment

## **Sustainability**

We base our activities on the principle of sustainability and have a high commitment to ecology, quality, energy efficiency and safety.

## **Contractual provisions including data protection**

We know our suppliers and act in full compliance with laws and regulations. The sensitive management of personal data has the highest priority in this regard.

## **Punctuality**

We respect the set schedules, thereby reinforcing our clients' trust in our company.

## **Professional contacts**

We offer a friendly, reliable and competent response to external and internal inquiries and take the time needed to deal with them.

## **Social Responsibility**

We support charity and social projects and through our business model make a clear contribution to a sustainable and environmentally aware way of life.
