

Use IT longer - Conserve resources

Our commitment to SDGs

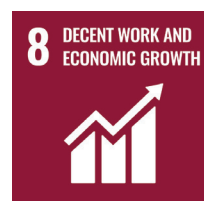

CC4 is committed to sustainability and to the UN Sustainable Development Goals (SDGs). The following SDGs are our focus areas.

CC4 donates IT equipment for schools and educational institutions

more than 100% of the energy for IT remarketing through own PV system

meaningful employment in a sustainable business model

new industry standards and innovations in IT remarketing

by reducing waste and using electric vehicles

CC4 creates the conditions for sustainable consumption of IT devices

PV system covers energy requirements of data erasure and e-vehicles
